**RESPONSE OF UNITED STATES POSTAL SERVICE TO PRESIDING
OFFICER'S INFORMATION REQUEST NO. 2**

10. The following questions relate to permit imprint and metered mail volumes and revenues.

- a. Are volumes and/or revenues from permit imprint and metered mail included in the calculation of Adjusted Earned Workload? Please explain.
- b. Please provide permit imprint and metered mail revenues for each facility shown in Library Reference No. 1 (USPS-LR-N2012-2/1).
- c. Are permit imprint and metered mail revenues included in the "Total Walk-in Revenue" figures provided in Column C of Library reference No. 3 (USPS-LR-N2012-2/3)?

RESPONSE

a. Yes. Adjusted Earned Workload is calculated using CSV and SOV, and reflects the actual work associated with permit imprint and metered mail that is performed using Post Office resources. To the extent permit imprint and metered mail is being accepted and dispatched from a Post Office, this process is included in the calculation of Adjusted Earned Workload.

b. Metered mail revenue was provided in USPS-LR-N2012-1/NP1 in response to Question 15 of POIR No. 1. Permit imprint revenue is not attributable to specific facilities.

c. Meter mail revenue is included in the underlying data used to calculate the "Total Walk-in Revenue" provided in USPS-LR-N2012-2/3. Permit imprint revenue is not attributable to specific facilities and is not classified as Walk-In Revenue. Permit imprint revenue is not included in the "Total Walk-In Revenue" value reflected in Postal Service Library Reference USPS-LR-N2012-2/3.
